FRA - LOCOMOTIVE ENGINEER CERTIFICATION CASE  
CSX Transportation, Inc., Petitioner, DOT Docket No. FRA 2001-10713-10  
(Formerly FRA Docket No. EQAL 01-16)

02 AUG - 5 PM 12:41  
U.S. DEPT. OF TRANSPORTATION

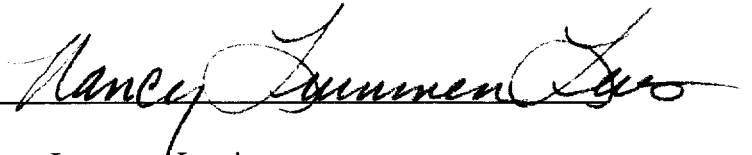

**MOTION FOR ENLARGEMENT OF TIME**

The Federal Railroad Administration (FRA), Co-Respondent in the above-captioned case, moves for an extension of time until August 16, 2002, to file its response to CSX Transportation's (Petitioner's) submissions designated as Preliminary Discovery Statement and Statement of Issues and Claim for Relief. Under the provisions of the Initial Scheduling Order No. 1 in the above-captioned case, Petitioner was required to file these submissions by June 26, 2002, upon which FRA was required to file a response within 15 days of receipt of Petitioner's submissions. Petitioner filed its submissions timely. However, FRA inexplicably did not receive the submissions until August 1, 2002, some 36 days after filing by Petitioner. As the amount of time from submission by Petitioner to receipt by FRA was substantially more than would ordinarily be expected, FRA moves for an extension of time for response until 15 days following actual receipt.

WHEREFORE, FRA moves for an order extending the deadline for its response to Petitioner's Preliminary Discovery Statement and Statement of Issues and Claim for Relief until August 16, 2002.
